

126 SERIES MANUAL CONTROLS IN TWO-PIECE SURFACE-MOUNTED MINI-BOXES

126 Series coordinated snap-action Momentary and Alternate Action (latching) push buttons and 2-position Maintained toggle actuated station controls alone, in combination or in combination with colored LEDs, furnished in two-piece clear anodized 3"x1"x2" aluminum box with snap-on cover. These units are suitable for surface mounting on wall or under desk or counter.

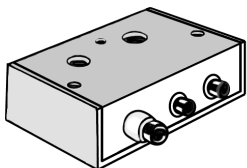

All switches are rated 6 Amps @ 120VAC/28VDC and are furnished with 8" color coded 20 gauge stranded wire leads. Colored LEDs are 28VDC. All units are furnished with three #8 Type A sheet metal screws and three 8-32 machine screws for mounting.
